Bridget Baumstark, FSA, EA

Relevant Experience/Specialization

Bridget Baumstark is a senior consulting actuary and the leader of Willis Towers Watson's Chicago Retirement business, working with organizations on the design, financing and administrations of their retirement programs. In her 25 years of consulting, Bridget has also had significant experience with retirement program risk management strategies and post retirement benefit programs.

Bridget also serves as a relationship manager. She has also led the firm's retirement program design team and been a member of Willis Towers Watson's national Retirement Risk Management team.

Education and Credentials:

Bridget earned a B.S. in mathematics from the University of Notre Dame. She is a fellow of the Society of Actuaries and an enrolled actuary.
